

Cyberspace Fires Analyst

Location: Maryland

Part Time/Full Time: Full Time

Exempt/Non-Exempt: Non-Exempt

Travel: Minimal/local

Key Role

Join the dynamic, high-performance and growing TREADA team in Central Maryland. Work as part of a high-performance, highly technical cybersecurity team to deliver significant value to an important Federal client while growing cybersecurity skills, leadership skills and other skills as part of the technical staff of Treada Technology Group. Join this fast paced team and make an Impact.

Job Description

- Assists in the coordination of joint strategic and operational planning and execution of joint fires, targeting, capability pairing, and threat mitigation in support of the Cyber Mission Force and other operations
- Provides advice to leadership on all aspects of joint fires and threat mitigation
- Provides support to future operations planners to integrate cyber capabilities into plans
- Plans, organizes, determines, and recommends necessary policies, regulations, directives, programs, doctrine, and procedures for the establishment and maintenance of assigned and anticipated joint fires coordination and execution
- Supports planning in OCO and DCO throughout the entire Joint Operation Planning Process (JOPP)
- Synchronizes and deconflicts Special Access Program/Special Technical Operation (SAP/STO) capabilities with operational planning
- Participates as the Fires SME in exercises
- Coordinates targeting strategy development and engagement responsibilities with components, subordinates commands, and supporting commands
- Synchronizes and implements targeting methodologies and prioritization methods
- Assists with all aspects of cyber advanced targeting, to include interagency planning, joint targeting board support, cyber weapons capability analysis, target systems analysis, target materials production, collateral effects estimate, and joint planning group support
- Manages Cyber Tasking Orders (CTOs)
- Attends the Operations Synchronization meetings
- Coordinates with Cyber Mission Forces and other subordinate units in order to facilitate the Cyber Tasking Cycle processes
- Inputs data, including the Joint Tactical Cyber Request (JTTCR) updates, into the Command and Control (C2) system, reviews data, and recommends updates to tasking
- Facilitates preparation of the Joint Targeting Working Group (JTWG) and Joint Targeting Coordination Board (JTTCB)
- Monitors and facilitates all targeting lists at the intermediate level and above
- Drafts Commander's targeting guidance
- Prepares strike package and Cyber Request and Approval (C-RAP) documents

Qualifications

- TS/SCI Clearance with Full Scope Polygraph
- Minimum five years of experience in Fires and/or Targeting
- Minimum of High School Diploma
- Minimum DOD 8140/DOD 8570 IAT Level II Certification

- Strong attention to detail and organizational skills. Excellent communications skills.
- Strong analytical and problem solving skills
- Must be excellent team player and must be highly motivated, goal-driven, and results-oriented
- Must be self-disciplined, and possess positive, “get things done” attitude
